

I have been delighted with the results of being on Indiana's do not call list. When visiting folks in other states I have observed that being on the federal list is not nearly so effective. I am dismayed that the CBA has petitioned to have our law changed so that it would allow many more unsolicited calls. I pay for my phone service and do not choose to have companies using it to their advantage and against my best wishes/interests. Please do not let our Indiana law be changed. If these companies want to come in to Indiana to do business then they need to be sensitive to our (customers') wishes above theirs. Thank you.
